### Faraway/ Vis-à-vis

Faraway/ Vis-à-vis, vasca free standing in Cristalplant®, nasce dallo studio di geometrie organiche, asimmetriche, ibride tra rigore e sensualità. Uno shaping che rimanda alle estetiche della contemporaneità. La sua forma è studiata per indagare nuove ergonomie finalizzate al risparmio energetico e dell'acqua: geometricamente si allarga e si restringe in base al comfort richiesto.

Faraway/ Vis-à-vis, Cristalplant® free standing bath tub, was born from study of organic, asymmetrical geometries, a hybrid mating of rigour and sensuality. A shaping mindful of contemporary aesthetics. Its form explores new ergonomics whilst saving energy and water by geometrically expanding or shrinking to suit the comfort level required.
